WGO Raises Public Awareness about Nutrition

Launched on May 29, World Digestive Health Year 2008 focuses on the role of nutrition in digestive health. With an impressive response from WGO member societies and the support of an unrestricted grant from Groupe Danone, public awareness activities in over 30 countries worldwide were undertaken and many countries plan to host further events during the remainder of the year.

» WDHY Activities and Events

WGO wishes to thank its members and supporters for following this invitation thereby playing an important role in increasing the awareness of Nutrition amongst the general public.

Online Nutrition Tools:
Visit the WGO website to watch the full length educational video tool “Nutrition in Digestive Health- A Review of Current and Emerging Issues for the Gastroenterologist” featuring lectures from an international faculty: Kevin Cashman, Francisco Guarner, Jonathan Hourihane, Eamonn Quigley and Jon L. Shaffer.

WGO Celebrates 50 Years at DDW

Special Reception
2008 marks the 50th anniversary of the WGO, and in honour of this special occasion, a reception was held during Digestive Disease Week in San Diego. Hundreds of WGO members turned out to demonstrate their support for WGO and its global mission of improving gastroenterology education and training around the world. As part of the celebration, a raffle was held to raise funds for improving GI services in Afghanistan. WGO was particularly honoured to have Joachim Wienbeck on hand, to speak about the work of the Foundation Wienbeck for Medical Development in Kabul. The Wienbeck Foundation was started in memory of his father, Dr. Martin Wienbeck, who was instrumental in reintroducing medical training to Afghanistan in 2002 after the fall of the Taliban regime.

WGO would like to thank everyone who participated in the raffle, as well as the American College of Gastroenterology, American Gastroenterology Association, Danone, Fujinon, GASTRO 2009, Medconnect, Olympus and Pentax for their generous donation of prizes.

International Digestive Cancer Alliance Business Meeting
In honour of WGO’s 50th Anniversary, the International Digestive Cancer Alliance (IDCA) held a special digestive oncology business meeting during DDW. IDCA representatives from around the world presented the latest research on various forms of digestive cancer, and Professor Guido Tytgat delivered the Charles Moertel Distinguished Lecture on Digestive Oncology.

Training the Gastroenterologist of the Future: A Global Perspective
On Wednesday May 21, WGO hosted a symposium addressing some of the most important issues facing the gastroenterology community. A global faculty delivered lectures discussing the relevance of local vs. global training programs, the development of global training standards, and highlighting WGO’s own experience with its Train the Trainers program.
