

World Digestive Health Day observed

Correspondent

CUTTACK: Orissa State chapter of Indian Society of Gastroenterology (ISG) and the Kalinga Gastroenterology Foundation (KGF) observed the World Digestive Health Day at a function held in Bhubaneswar on Saturday.

Noted gastroenterologists of the country attended the function which also organized a continued medical education (CME) programme on Inflammatory Bowel Disease which was the theme of this year's observation.

Convener of the function Prof S P Singh in his inaugural address spoke at length about the history and importance of the Day and how **WDHD is being observed on May 29** of every year since 1958.

The function was attended among others by ISG secretary S P Misra.
